Draws cover Sha Tin turf on the B+2 rail at the race distance from the 2024/25 season to this card. Rider–trainer figures are the pair's record in the meeting program. A top-three count includes wins. Small samples carry little weight on their own.

Each final 400m is ranked against the horses in that earlier race. The preferred line is the most recent available at the same Sha Tin turf distance, then another Sha Tin turf trip, then another local turf race. Trainer debut records cover 81 first Hong Kong starters across eight Sha Tin turf meetings, September 27–November 14, 2026, across all import types.

Form and trials only. All price-watch horses require 10-1 or higher on the live board. Nov 21, 2026 at 8:23 PM Pacific.

Mark's order 2 / 10 / 4 / 3

The + order 2 / 10 / 3 / 4

The race Super Dragon gets a class drop and a much kinder draw. So My Folks gets back on the surface that produced his best recent run.

Likely trip Lucky Twenty can go from gate 2. Top To Sky led at both early calls last time and may have to work to cross from 13. That gives Super Dragon a target.

If the trip changes If Top To Sky crosses comfortably, I move him ahead of Lightning Ace. The latter has gate 14 and his narrow miss came on the all-weather.

Price watch at 10-1 or higher Bullish Pride ran fourth here in Class 4 in June and gained seven places late on the all-weather in October. Gate 12 makes him a pace-dependent underneath use.

Mark's key stat Gate 13 has produced 0 winners and 5 top-three finishes from 32 starts at this 1200m B+2 setup. #3 Top To Sky needs a clean break to get across.

Head-to-head form October 11, 2026 / Super Dragon finished only three-quarters of a length ahead of Best Farm despite finishing three places ahead. Super Dragon moves from gate 12 to 4. Best Farm gets the rail and a three-pound swing in his favor.

Finish in the common race, gate and weight then to now
#2 Super Dragon 4/12 / gate 12 to 4 / 117 to 135 lb
#5 Best Farm 7/12 / gate 6 to 1 / 116 to 131 lb

Mark's order 12 / 3 / 10 / 9

The + order 12 / 9 / 3 / 10

The race Supreme Voyager has already won this straight 1,000m. Six runners face their first local race, and two have trial form worth a second look.

Likely trip Winning Money and Zouper Fellow have both led recently. Cala Dei Mori has speed too, giving Supreme Voyager and Flowing Riches runners to chase.

If the trip changes If the newcomers settle quickly, Sisukas can get first run on the closers. I move him up on his two trial seconds, including one ahead of Super Boom.

Price watch at 10-1 or higher Goldentronicmighty came from 13th to finish a length behind the winner over this trip. He needs another opening late.

Mark's key stat #3 Flowing Riches came home in 21.55 at this 1000m trip on September 27, second fastest of 14. He can make his run inside if a gap opens.

Head-to-head form September 27, 2026 / Flowing Riches won by a neck from Zouper Fellow, with Supreme Voyager only three-quarters of a length off the winner. Supreme Voyager then won their October 19 rematch with Zouper Fellow. The September finish alone understates his chances.

Mark's order 1 / 3 / 13 / 8

The + order 1 / 3 / 13 / 8

The race Mighty Profit owns the local win. Packing Smart nearly won his debut at Happy Valley, while Noble Patch supplies the late run if the front end gets busy.

Likely trip Happy Brethren has led recently and Smiling Sky can press. That setup gives Mighty Profit time to settle from gate 3.

If the trip changes If they back it down, Packing Smart can sit nearer than Noble Patch. The latter came from last on October 25 and risks leaving too much to do from 13.

Price watch at 10-1 or higher Noble Patch went from 14th to third here, beaten 1¼ lengths. Gate 13 is less costly if he drops in, but he still needs a clear run.

Mark's key stat #13 Noble Patch overcame contact at the break to close in 22.17, fastest of 14 over this 1200m trip on October 25.

Head-to-head form October 25, 2026 / Noble Patch finished three-quarters of a length ahead of Handsome Hero. He now moves from gate 7 to 13, while Handsome Hero goes from 4 to 5. Another late charge by Noble Patch may have to start from farther back.

BOCHK "Banking TrendyToo" Handicap / Class 4

Mark's order 4 / 2 / 6 / 1

The + order 4 / 6 / 2 / 3

The race Shannon Glow and Lean General come out of the same 1,400m debut race. Mr Cool brings a win and a third over this trip for a useful comparison.

Likely trip Happy Special has led twice over 1,200m. Shannon Glow and Lean General both finished from behind on October 19 and want a target turning for home.

If the trip changes With less pace, Mr Cool can steal a march from midfield. I move Lean General up because he was only a length off the winner on debut and gets a six-pound swing against #4.

Price watch at 10-1 or higher Natural Numbers was beaten 1½ lengths over this course and distance in Class 3. Drops in class and draws the rail, but needs a timely gap.

Mark's key stat #4 Shannon Glow finished in 23.02 and #6 Lean General in 23.47 in their October 19 meeting. Lean General had to wait at the 250m.

Head-to-head form October 19, 2026 / Shannon Glow beat Lean General by a length on debut. Lean General gets a six-pound swing in his favor, but Shannon Glow moves in from gate 12 to 4. The weights and the draw give the two rivals different reasons to improve.

Finish in the common race, gate and weight then to now
#4 Shannon Glow 1/14 / gate 12 to 4 / 129 to 133 lb
#6 Lean General 3/14 / gate 8 to 7 / 131 to 129 lb

Mark's order 2 / 1 / 9 / 4

The + order 2 / 1 / 9 / 8

The race Pi Legend has race fitness. Crossborderpegasus has the strongest comeback case. Of six local newcomers, So You Imagine has done the most on grass in trials.

Likely trip Pakistan Legacy can take a prominent spot. Pi Legend can sit just behind from 4. Crossborderpegasus usually needs a target, and the newcomers make the early order uncertain.

If the trip changes If several imports show speed, Crossborderpegasus becomes more dangerous late. A steady gallop gives Pi Legend the tactical edge.

Price watch at 10-1 or higher Silent Forge has a trial win and two seconds across surfaces. Gate 14 could leave him wide on his first local start.

Mark's key stat #1 Crossborderpegasus has 3 wins and 8 top-three finishes from 10 tries at this course and distance. That is the form the newcomers have to match.

Head-to-head form July 12, 2026 / Pi Legend beat Crossborderpegasus by a head while receiving six pounds. They meet at level weights now, and Crossborderpegasus moves from gate 12 to 3. That makes the runner-up interesting despite his layoff.

BOC Credit Card Handicap / Class 3

Mark's order 5 / 7 / 4 / 1

The + order 7 / 5 / 4 / 1

The race Pocketing, Big Return and Seraph Gabriel finished within a length of one another over this 2,000m on October 25. The rematch turns on weight and position.

Likely trip Liveandletlive can go forward from 5. Seraph Gabriel is well placed to follow from 3, with Pocketing and Big Return waiting to make their runs.

If the trip changes Big Return missed by a neck and carries four pounds less than Pocketing today. I give him the edge in the rematch; an easy lead would give Liveandletlive a way into it.

Price watch at 10-1 or higher Super Goldendragon was beaten only 2¾ lengths despite moving up early last time. The rail and 115 lb give him a chance to save more for the finish.

Mark's key stat #7 Big Return came home in 23.16 against #5 Pocketing's 23.21 in their October 25 race at 2000m. Big Return had twice lost momentum early.

Head-to-head form October 25, 2026 / Pocketing and Big Return carried 127 pounds apiece when Pocketing won by a neck. Big Return now carries four pounds less than Pocketing. Seraph Gabriel was only a length behind the winner and also gets a six-pound swing relative to him.

Finish in the common race, gate and weight then to now

#5 Pocketing 1/10 / gate 1 to 2 / 127 to 129 lb

The BOCHK Private Banking Jockey Club Sprint / Group Two

Mark's order 1 / 2 / 5 / 4

The + order 1 / 5 / 2 / 4

The race Ka Ying Rising is the strongest win opinion on the card. The interesting decision is who follows him home. A head separated Raging Blizzard and Ka Ying Attack in the October Group 2.

Likely trip Ka Ying Attack can use gate 1. Ka Ying Rising has enough speed to sit outside him or take over, and Raging Blizzard can wait just behind that pair.

If the trip changes If Purton lets #5 run his own race, the inside horse can hang around for second. If they hook up early, #2 has already shown he can finish past #5.

Price watch at 10-1 or higher Crimson Flash was only half a length away in the October Group 2. He belongs underneath if the two speed horses make each other work.

Mark's key stat #1 Ka Ying Rising has won 19 of 21 over the Sha Tin 1200m and finished second in the other two.

Head-to-head form October 25, 2026 / Raging Blizzard gave Ka Ying Attack 16 pounds and beat him by a head. They meet at level weights now. Ka Ying Attack draws the rail, but he has to reverse the finish without that weight advantage.

Mark's order 1 / 7 / 3 / 6

The + order 7 / 1 / 3 / 6

The race My Wish owns the Group 1 mile win. Light Years Charm beat him over this course last month and gets five pounds from him today.

Likely trip Patch Of Theta can go from 4, but Copartner Prance has shown mile speed and draws the rail. Light Years Charm can stalk them; My Wish and Galaxy Patch can finish from farther back.

If the trip changes If the inside pair steady it down, I want Light Years Charm within striking distance. A sustained duel is the better case for My Wish and Galaxy Patch.

Price watch at 10-1 or higher Patch Of Theta led until late in the October Group 2 and won a November trial. Another manageable lead would make him dangerous underneath.

Mark's key stat #1 My Wish closed in 22.72 to #7 Light Years Charm's 22.78 in their October 19 mile. My Wish came wide while the winner saved ground.

The BOCHK Jockey Club Cup / Group Two

Mark's order 9 / 8 / 2 / 1

The + order 9 / 2 / 8 / 1

The race Massive Sovereign gets 2,000m after a closing third at 1,800m. Gentlemen Legacy beat him that day. Numbers has the early position to make both work for it.

Likely trip Numbers can establish a rhythm after sitting second in the November prep. Voyage Bubble should get cover from the rail. Massive Sovereign needs a clear lane from gate 3.

If the trip changes If Numbers walks the first half, his Group 1 staying form becomes the danger. If the pace builds early, the two strongest November finishers can reel him in.

Price watch at 10-1 or higher Silvery Breeze finished fourth in the common 1,800m prep, beaten 2½ lengths. Worth a look underneath if the pace draws out the finish.

Mark's key stat #9 Massive Sovereign had to wait until the 250m for room on November 8, yet his 22.74 was second fastest of 13. That came at 1800m.

Head-to-head form November 8, 2026 / Gentlemen Legacy finished second ahead of Massive Sovereign in third over 1,800m. He received eight pounds that day. They now carry equal weight, and Massive Sovereign gets another 200m to make his late run.

BOCHK BOC Pay+ Handicap / Class 3

Mark's order 3 / 8 / 1 / 12

The + order 3 / 8 / 12 / 1

The race Nyx Gluck missed by a short head after winning twice. Silk Master can improve at 1,400m, and Negentropy is the local newcomer I want onside.

Likely trip Chill Buddy has the speed to cross from 14 but could pay for it. Silk Master can save ground on the rail; Nyx Gluck can settle and make one run.

If the trip changes If Chill Buddy clears cheaply, he can carry that speed much farther. If he gets pressed, Negentropy becomes more interesting behind the pace.

Price watch at 10-1 or higher Negentropy won two 1,200m turf trials. Gate 4 and 119 lb help, but the extra 200m against race-fit horses is an open question.

Mark's key stat #8 Silk Master closed in 22.62, fastest of 12 at Sha Tin on October 11. He gets another 200m here to put that finish to use.

Head-to-head form October 19, 2026 / Nyx Gluck missed by a short head while Chill Buddy finished tenth, beaten four and three-quarter lengths. Chill Buddy gains two pounds relative to Nyx Gluck, but now starts from gate 14 while Nyx Gluck moves in to 7.

Mark's order 7 / 9 / 1 / 8

The + order 7 / 1 / 9 / 8

The race Aerovolanic missed by a neck to Packing Glory here and draws 2 for the rematch. Salon S drops from Class 2 and has enough speed to change the race.

Likely trip Packing Glory went forward to win their last meeting. Salon S and Aerovolanic have both raced close up and draw inside him. Circuit Champion needs a spot from 13.

If the trip changes If Salon S presses Packing Glory early, Aerovolanic can sit just behind both. If they hand #9 the lead, his last win is the blueprint.

Price watch at 10-1 or higher Target Audience has gone win-second-second-win in his last four. Most recent form is in Happy Valley sprints; the rail gives him a chance to save ground over this longer trip.
